

California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Moreno Valley College Associate Degrees for Transfer and to find out which CSU campuses accept each degree. Please visit the following website to see all your ADT options: <http://adegreewithaguarantee.com/>. Students are encouraged to meet with a MVC counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

ECONOMICS (CSUGE) MAA756 (IGETC) MAA757

The Associate in Arts in Economics for Transfer degree (ADT) will provide an introductory foundation for the field of Economics through the study of scarcity, comparative advantage, markets, cost theory, monetary system and economic growth. The program will provide students with an introduction to the principal concepts of macro- and microeconomics, contemporary economic issues, and the global economy in order to give them the background knowledge needed by undergraduate economics majors. Students completing this course will learn how individuals and societies choose to use limited resources for production of goods and services and how they distribute them for current and future consumption.

PROGRAM LEARNING OUTCOMES

Upon successful completion of this program, students should be able to:

- Apply economic theories and economic reasoning to real world situations using the concepts of scarcity, opportunity cost, and supply and demand for individual (micro) and collective (macro) decision-making.
- Identify current governmental policies to remedy economics problems and assess the effectiveness of these policies.
- Utilize creative and critical thinking strategies in solving complex problems through the application of economics using mathematical equations, graphs and technical skill.

Required Courses: 19-22 units

| Course | Title | Units |
|---------------|--|--------------|
| ECO-7/7H | Principles of Macroeconomics/Honors Principles of Macroeconomics | 3 |
| ECO-8/8H | Principles of Microeconomics/Honors Principles of Microeconomics | 3 |
| MAT-12/12H | Statistics/Honors Statistics | 4 |
| or | or | |
| PSY-48 | Statistics for the Behavioral Sciences | 3 |
| MAT-5 | Calculus for Business and Life Science | 4 |
| or | or | |
| MAT-1A/1AH | Calculus I/Honors Calculus I | 4 |
| List A: | One course from list | 3-4 |
| List B: | One course from list | 3-4 |

List A: Select ONE Course (3-4 units)

| Course | Title | Units |
|--------|-----------------------------|-------|
| MAT-1B | Calculus II | 4 |
| ACC-1A | Principles of Accounting I | 3 |
| ACC-1B | Principles of Accounting II | 3 |
